Highly motivated and self-driven Computer Science student seeking a challenging internship in software engineering with a dynamic and forward-moving company. Adept at developing and implementing new software platforms and websites, with strong attention to detail and the ability to work effectively in team environments.

EDUCATION

OCT 2020 – JULY 2024

BACHELOR OF COMPUTER SCIENCE, ALEXANDRIA UNIVERSITY

Relevant coursework focused on software industry and multimedia with extensive involvement in computer science. Maintained a cumulative grade point average of 3.1/4.0.

OCT 2017 – JULY 2020

HIGHSCHOOL DIPLOMA, EL-THAGHR LANGUAGE SCHOOL

Graduated with an 87.8% grade in the mathematics sector.

EXPERIENCE

GRAPHIC DESIGNER, FREELANCE

As a freelance graphic designer, I successfully completed multiple projects for clients. My work included logo design, visual identity, and social media graphics, all of which were tailored to match clients' brand identities and preferences. To ensure client satisfaction, I maintained open communication, incorporated feedback, and met project deadlines.

VOULENTEERING

MAR 2023 – PRESENT

VICE-HEAD OF MEDIA & MARKETING COMMITTEE, UPGRADE '23

Lead graphic designer responsible for designing and implementing effective marketing strategies. Supervise and train team members in graphic design and other soft skills, including delegation and management.

MAR 2022 – OCT 2022
